“ I have so many memories of our time on earth with Crystal. She was truly a gift from God. Every weekend practically and many many midweek days we picked her up do she could spend time with her Dad, Jesse and Mike and I. She was the center of our world for many years. So every day and every few minutes memories of time with her flood my soul and the tears come. It is so so sad that the monster of addiction caught her in its trap and would not let her go. I will cherish every beautiful memory as painful as they are when they come. My greatest comfort is the knowledge that Christ had the victory over deaths sting as she passed from this world to the next. Crystal Mom mom will never stop loving you!

“ Thank you for coming to say goodbye to Crystal at her memorial service. Her, whole family thanks you. Her life was short as her body was, but her heart was large. She suffered greatly trying her hardest to get free but the Lord saw her struggle and suffering and said 'Nothing more'. He took her home to the place where she belonged. Jesus was her faithful one who took her to the place where she belonged.

“ Bryan I believe, as I shared my dream from the Lord that Jesus cane down and showed himself to Crystal and she accepted him. I believe she is with God in heaven. If you accept Jesus into your life he will change you forever. I know because I live it daily. God is with me everywhere I go. He gives me joy in the saddest of times. He gives me peace in the storms. He will give you these comforts too. You will see Crystal again after this life if you follow Christ!

“ Crystal was a beautiful soul and wonderful mind above her years. I will always remember our talks we had and the love we shared for our most profound customers...mostly the ones we could shake our heads on in disbelief. You had such a small time here with us but we will never forget the good times and bad ones...mostly the good ones. Your spirit will be with us always. You wings are big just like your spirit and I know you will be looking out for us. Until we meet again, please know there are other angels with you to guide you along the way.

“ There are no words to describe what an amazing person we lost. I know that you're safe now but my heart still breaks at the thought of what a short life you had and all the things you could of done. You were motivated and you were kind but above all you were the person anyone could call when they needed a friend. You will never be gone from our thoughts or our hearts. I know you'll find the peace there that you couldn't find here.
