“ I remember, being asked on my first date ever at 15 years old, i was so nervous and excited. I remember my Dad telling me how a boy should treat me on a date, and sneaking out of the house and knocking on the front door, and i opened it and he had flowers. My dad took me on a "mock" date haha. But it was the best. Ive never had that kind of love from a parent before. We went to dinner, and a third day concert. We talked for ever, and it was the first time in my life, i felt like i had a real father. I will forever miss him. He deserved so much more. I love you Dad.
