“ Remembering Doris fondly, on the one year anniversary of the day she left us. Too soon, I wasn't done sharing our friendship, and we still had things we wanted to do together!

It's just really hard missing you, not having you to talk to, pray with, laugh with. I think of you always, and I know you can't hear me but I keep a part of you with me, and I remember you dearly, and thank God for giving me you for a very special friend!  
Teddy misses you too!  
Love always, Linda

My dear friend,

I will miss you so much. I'm so happy I had the pleasure to know you and share so much with you. I was blessed to spend your last day on earth with you! . You taught me so much about life and history, and I'll always remember our praying together and discussions about the Lord and our country.

I love thinking about you meeting Jesus face-to-face, because yI am so sorry for ou loved Him. I know you are in glory and made whole. You will have no more fear, pain or worries, and you're probably singing and reuniting with loved ones who went before you!

I will always remember you and celebrate your life! Love always, Linda

To the family of Doris,

I am so sorry for your loss, but know that she loved you, because she told me about you.

She had a blessed assurance of an eternal life, through her faith in Jesus Christ.

Her life was long and richly blessed. May you be comforted by your fond memories and may God give you peace,

Love, Linda
